Student Progress Review
Standard Doctoral Form
2018-2019

The first several sections of the Student Progress Review (SPR) form contain questions for the student. Some questions may not be relevant for all students; if a question is not applicable, simply enter "NA".

The last section of the SPR form is for faculty to enter constructive comments and feedback for the student. It is to be completed by the special committee chair after reviewing the information entered by the student.

Some graduate fields may provide more specific instructions about the information that students and/or faculty should include in their responses.

The SPR form results will be available to the student, as well as the student's special committee chair, DGS, and GFA. Some fields may also opt to make results available to the full special committee.
